See it to believe it.

STABILIZED

10x25 S / 12x25 S Binoculars

- Optical image stabilization technology for shake-free viewing
- Multilayer-coated lenses for brighter images
- Adjustable turn-and-slide rubber eyecups
- Compact and lightweight design is comfortable to hold and easy to adjust
- High-reflectivity silver-alloy mirror coating for a bright and clear view
- 12-hour battery life plus auto power shut-off after ~60 minutes
- Large central focus knob ensures quick, precise focus adjustments

NEW

Optical Image Stabilization
Reduces the blur and eye strain caused by image shake. Nikon's original stabilization system counteracts motion before it ever reaches your eyes, for a clear, smooth view.

NEW

Adjustable Eyecups
Dial in exactly the right eye relief—even when you're wearing glasses—with turn-and-slide adjustable eyecups.

NEW

Compact, Ergonomic Design
Comfortable and intuitive design with large central focusing knob for quick, precise focus adjustments.

NEW

Automatic Power Shut-off
Stabilization remains active for up to 60 minutes before automatically shutting off to save battery life. Two AA batteries provide up to 12 hours of use.

Get a more clear, stable view of wildlife, concerts and sporting events with STABILIZED 10x25 S / 12x25 S binoculars. Nikon's image stabilization system corrects handheld shakiness for an incredibly steady view that's easy on the eyes. 10/12x magnification gets you close to the action, while multilayer lens coatings cut through glare and reflections. All in a compact, dual-hinge design that fits in your pocket.
